

## Some Spaces

Here are some ideas for interior spaces that cater to the needs of the Little Haiti community in Design District Miami, focusing on retail, art, education, economic opportunities, and health:

### Retail Space:

**Local Marketplace:** Create a space for local artisans, craftsmen, and entrepreneurs to sell their products. This can include handmade crafts, clothing, jewelry, and other goods that showcase the neighborhood's culture.

**Incubator Shops:** Offer temporary retail spaces to budding entrepreneurs, providing them with an opportunity to test their business concepts and products.

**Café/Dining:** Establish a community café or restaurant featuring traditional Haitian cuisine, providing jobs and preserving the culinary heritage of the community.

**Pop-up shops:** Pop-up shops are retail spaces that open for a short period of time. These stores are used in various industries, including retail, music, museums, food, and many more.

### Art Space:

**Art Gallery:** Host rotating art exhibitions featuring local artists, including paintings, sculptures, and multimedia art forms.

**Art Studios:** Provide affordable studio spaces for artists to create and showcase their work.

**Art Classes:** Offer art classes for residents of all ages to nurture artistic talents and cultural expression.

### Education Space:

**After-School Programs:** Create a safe and enriching environment for local children, offering tutoring, homework help, and extracurricular activities.

**Vocational Training:** Partner with local businesses to provide vocational training in areas like culinary arts, woodworking, or digital skills.

**Library and Learning Center:** Establish a community library and learning center with books, computers, and resources for skill development.

### Economic Opportunities Space:

**Co-working Space:** Set up a co-working space where local entrepreneurs and freelancers can work, collaborate, and access business resources.

**Business Incubator:** Provide resources, mentorship, and support for start-up businesses to grow and thrive.

**Job Placement Center:** Offer services for job seekers, including resume building, interview preparation, and connections to local job opportunities.

### Health Space:

**Community Health Clinic:** Provide accessible healthcare services, including general check-ups, vaccinations, and health education programs.

**Mental Health Support:** Offer counseling and support groups to address mental health needs within the community.

**Fitness and Wellness Center:** Create a fitness facility with exercise classes, nutrition programs, and wellness workshops.

### Additional spaces

#### **Cultural Heritage Center:**

Establish a dedicated space to preserve and celebrate the cultural heritage of Little Haiti, including historical artifacts, exhibits, and interactive displays.

Host cultural events, storytelling sessions, and workshops to share the neighborhood's history and traditions.

**Community Meeting and Event Space:**

Create a versatile space that can be used for community meetings, gatherings, and events. Offer it as a venue for local organizations, residents, and artists to host events and discussions.

**Technology and Innovation Hub:**

Set up a technology center with computer labs, coding classes, and access to digital resources. Promote digital literacy and provide opportunities for residents to engage in the digital economy.

**Youth Recreation Center:**

Design a space with indoor and outdoor recreational facilities for youth, including sports, games, and creative activities.

Offer programs that engage young people positively and provide a safe space for them to socialize.

**Community Garden and Sustainable Living Space:**

Establish a community garden and green space where residents can learn about sustainable agriculture and urban gardening.

Host workshops on composting, organic gardening, and eco-friendly living.

**Local History Archive:**

Create an archive or museum dedicated to preserving the history of Little Haiti, including photographs, documents, and oral histories.

Encourage residents to contribute their own stories and memorabilia.

**Collaborative Art Studio:**

Design a collaborative art studio where artists and community members can work together on community-based art projects.

Encourage the creation of public art installations that reflect the neighborhood's identity.

**Entrepreneurial Showcase Space:**

Dedicate a section of the facility to showcase products and services created by local entrepreneurs.

Host regular showcases and markets to promote local businesses.

**Cultural Performance Space:**

Build a performance space for cultural events, including dance performances, music concerts, and theater productions.

Support local artists and provide a venue for cultural expression.

**Multi-purpose Wellness Center:**

Combine fitness facilities with wellness services like massage therapy, yoga classes, and nutrition counseling. Promote holistic well-being within the community.
